Early on she showed interest in dance, so at the tender age of 3, she began taking classes at Studio 1 Dance Academy where she received most of her technical training. She has participated in several dance competitions capturing the hearts of the audience as well as the judges. She earned her first of many crowns at age 4 competing in the highest category in the 8 and under age group at BravO! Dance Competition. She also has placed first in several competitions and been awarded several trophies, judges awards as well as scholarships. And even with a busy schedule she always finds ways to give back to the community and those in need by donating to several charities. And when asked what gift she would like, her response would be " For the poor to have food and water. I have everything I need, let's get something for someone else who needs it". Her dream is to become a doctor, so she can take care of

others, especially her Dad. So in the spirit of the Holidays may we all take her lead and give back to those in need around us and find ways to help others.

I do not yet know who I will be when I grow up, but I do know for sure that I enjoy singing, dancing, modeling, drawing and acting. I want to be popular and give everyone joy and smiles. In the future, I would like to open my own dance school and travel a lot around the world. Throughout my career, I have been the winner of a

dance competition more than once. I am very proud of that. In my collection of awards there are first places not only in dancing, but also in singing and modeling. I have already shown my performances in other countries. Now I am 9 years old and I am sure that I will succeed, because I train a lot and believe in it!

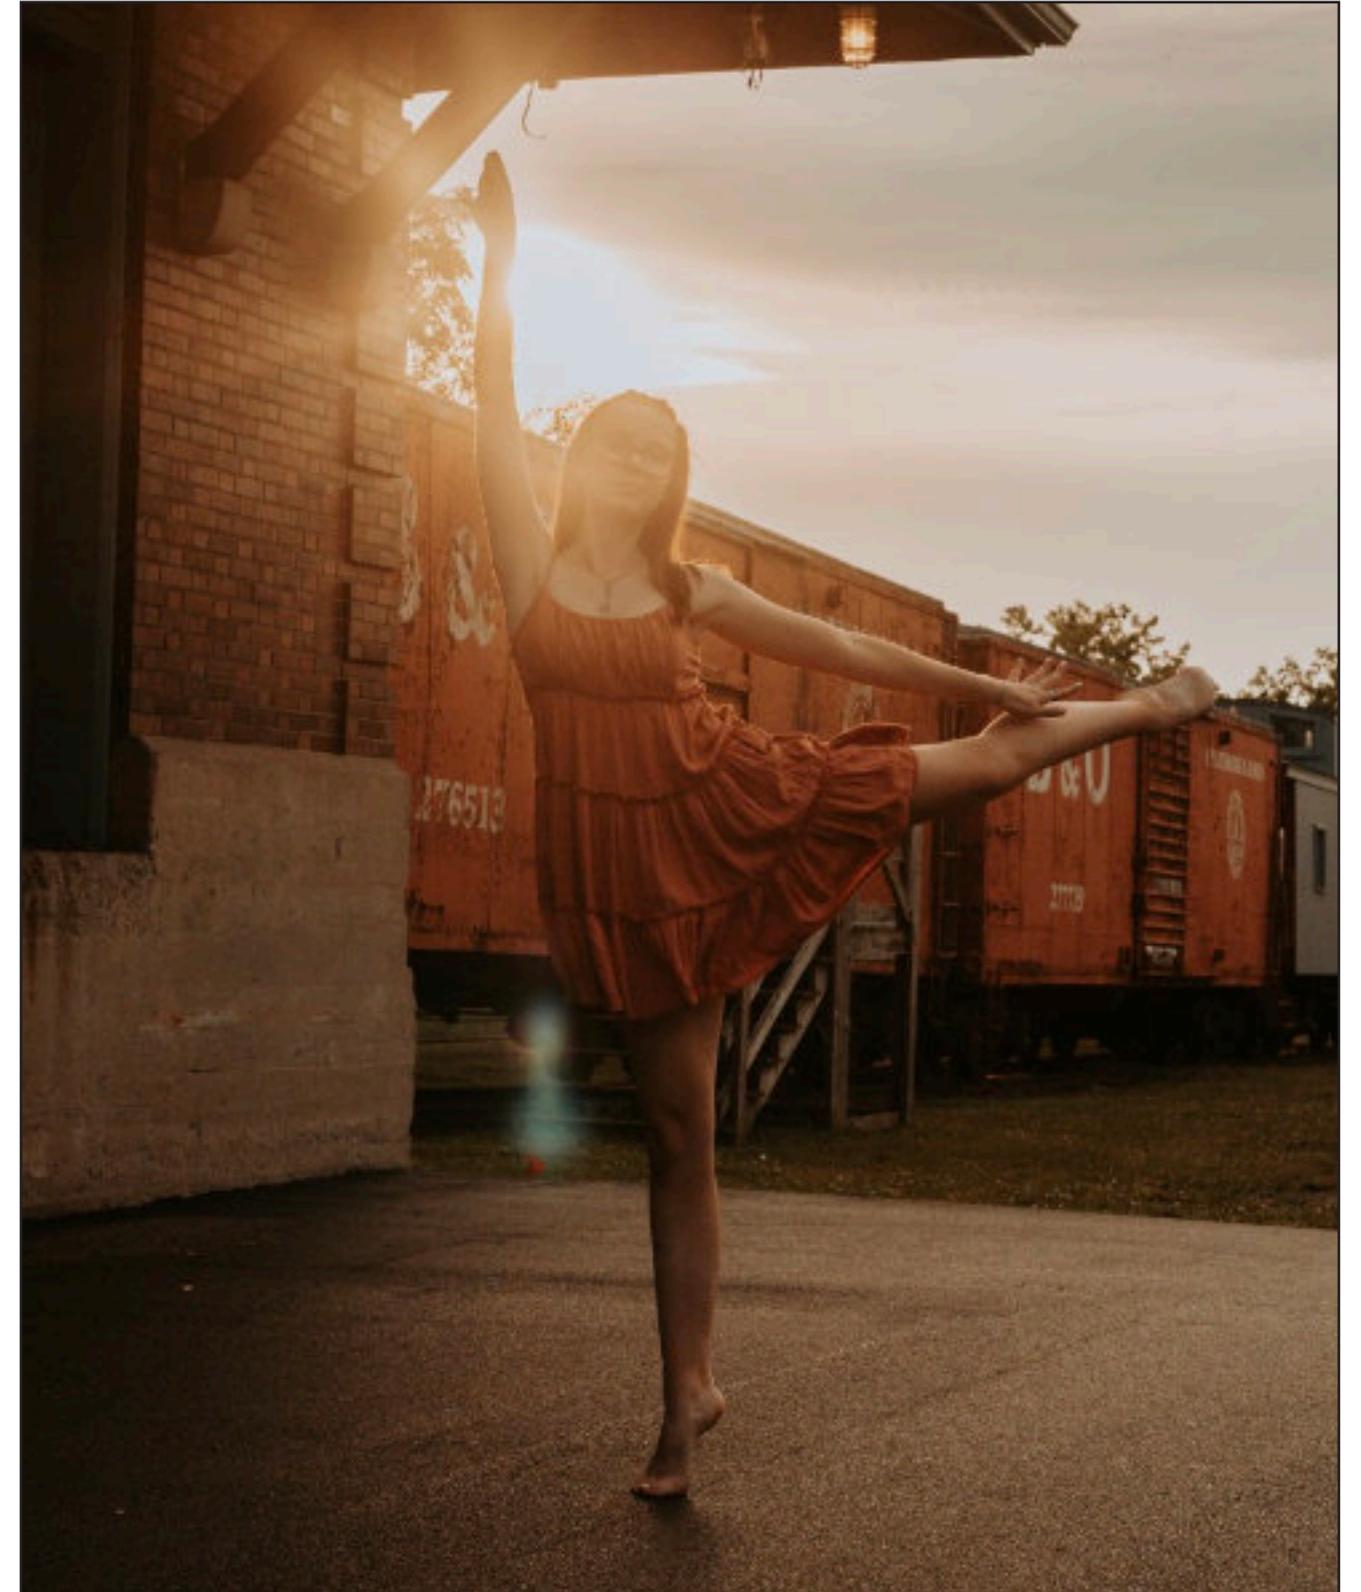

Hello my name is McKenzie Gawel and I'm a 18 year old competitive dancer who dances at Stages Dance Company in Depew New York. I've been dancing since the age of 2 making this my 16th year dancing! My passion for dance started around 8 when I was able to compete and really start feeling my music! Having numerous solos, duets, trios and group performances over the years I've won very many high score and judges awards competing through out Western New York! I take a vast variety of classes from Jazz, Tap, Hip hop, Lyrical, and my favorites being Ballet and

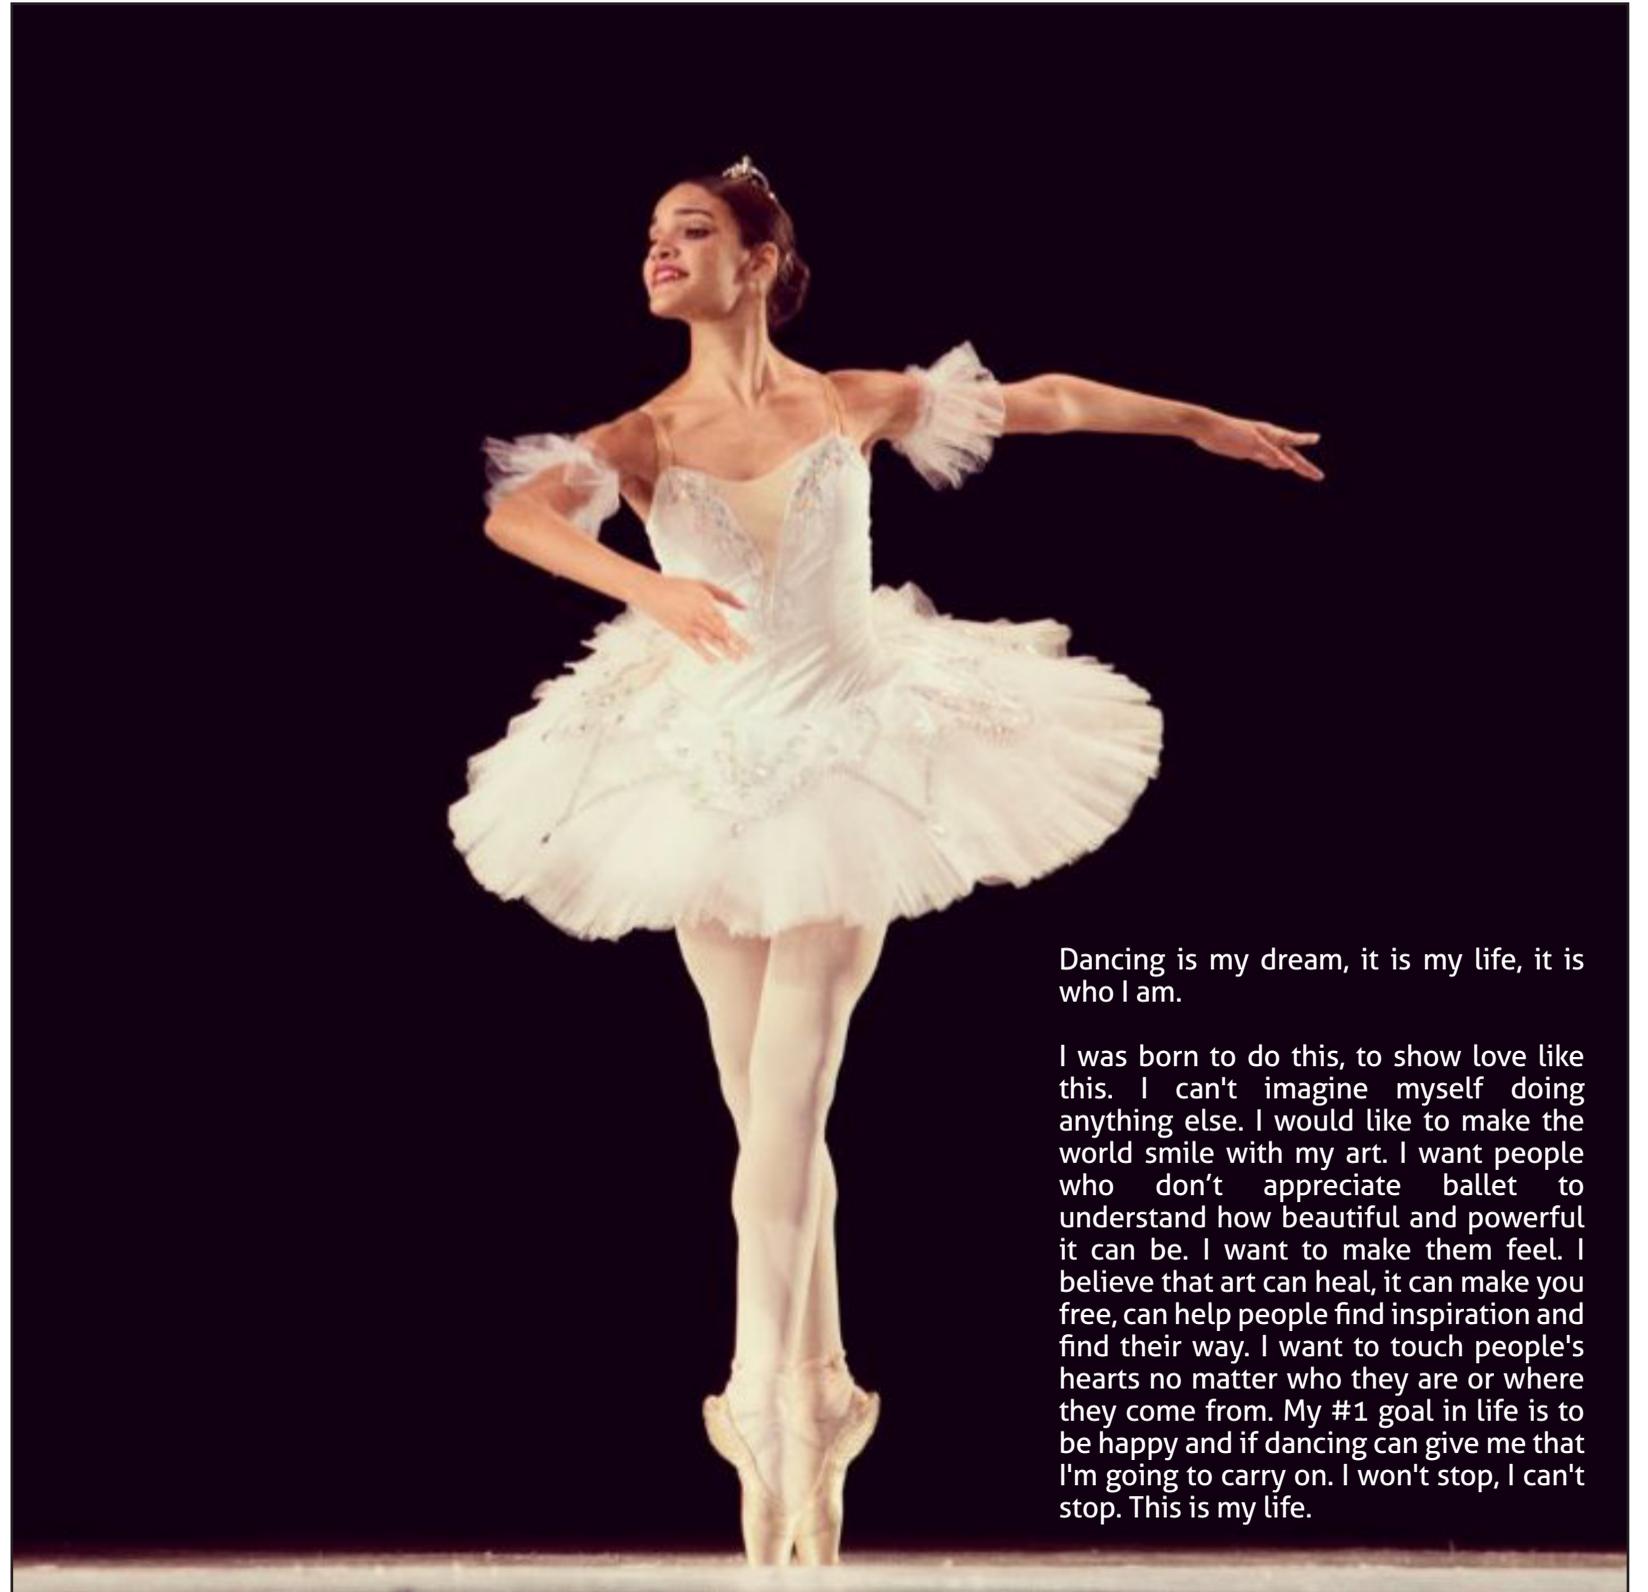

Pointe! After I started Pointe instantaneously fell in love after my 1st class and began writing terms and watching all sorts of variations and performances. I'm training to be a dance teacher; assisting Hip hop, ballet, tap and jazz! My favorite part of dancing is feeling the music and being able to express my emotions while also being with my 2nd family that I've created!

Dancing is my dream, it is my life, it is who I am.

I was born to do this, to show love like this. I can't imagine myself doing anything else. I would like to make the world smile with my art. I want people who don't appreciate ballet to understand how beautiful and powerful it can be. I want to make them feel. I believe that art can heal, it can make you free, can help people find inspiration and find their way. I want to touch people's hearts no matter who they are or where they come from. My #1 goal in life is to be happy and if dancing can give me that I'm going to carry on. I won't stop, I can't stop. This is my life.

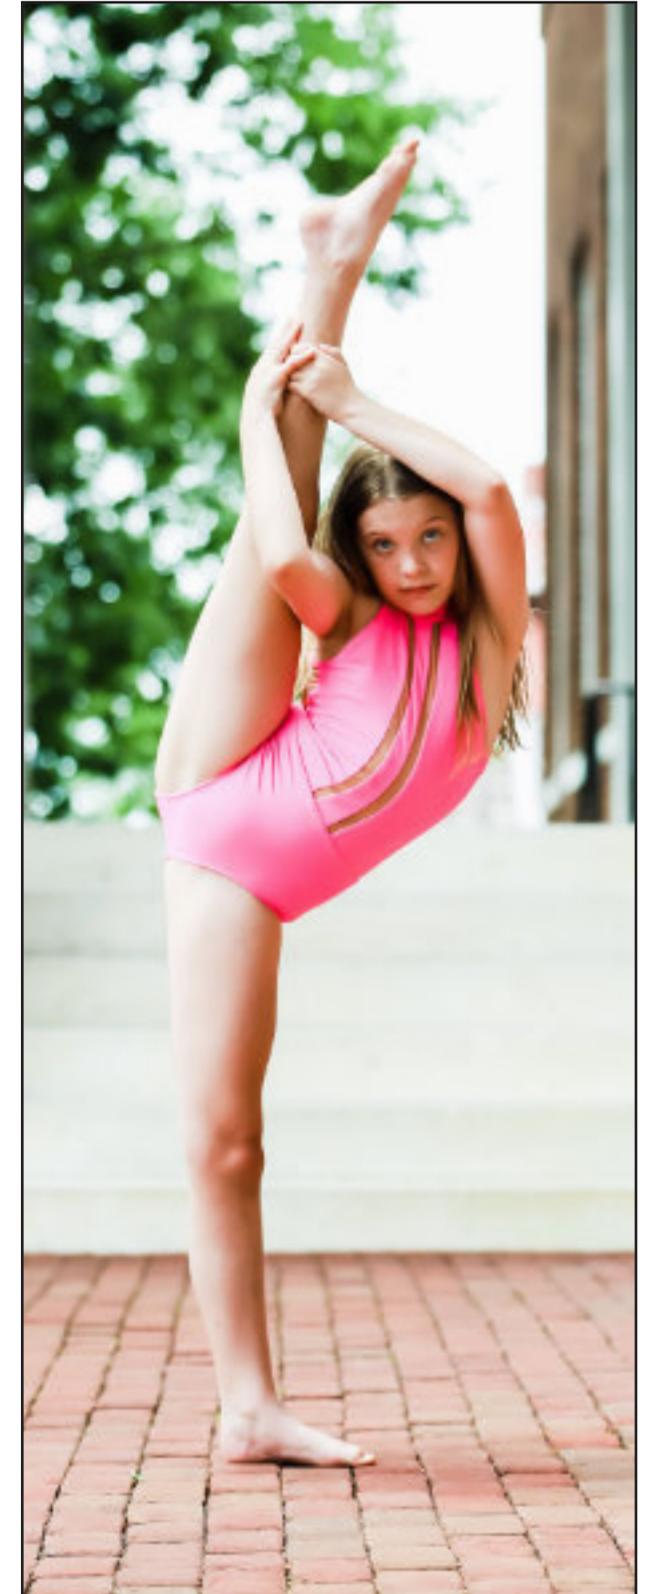

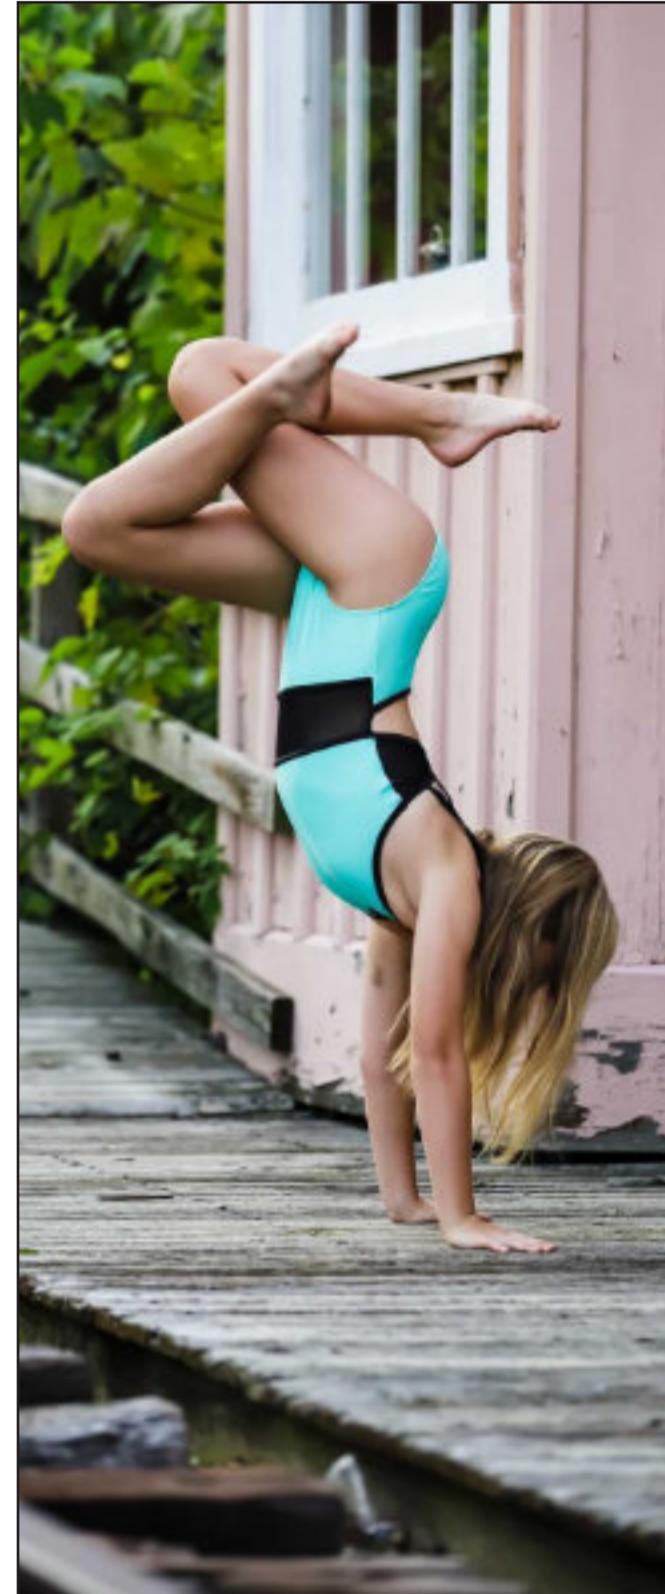

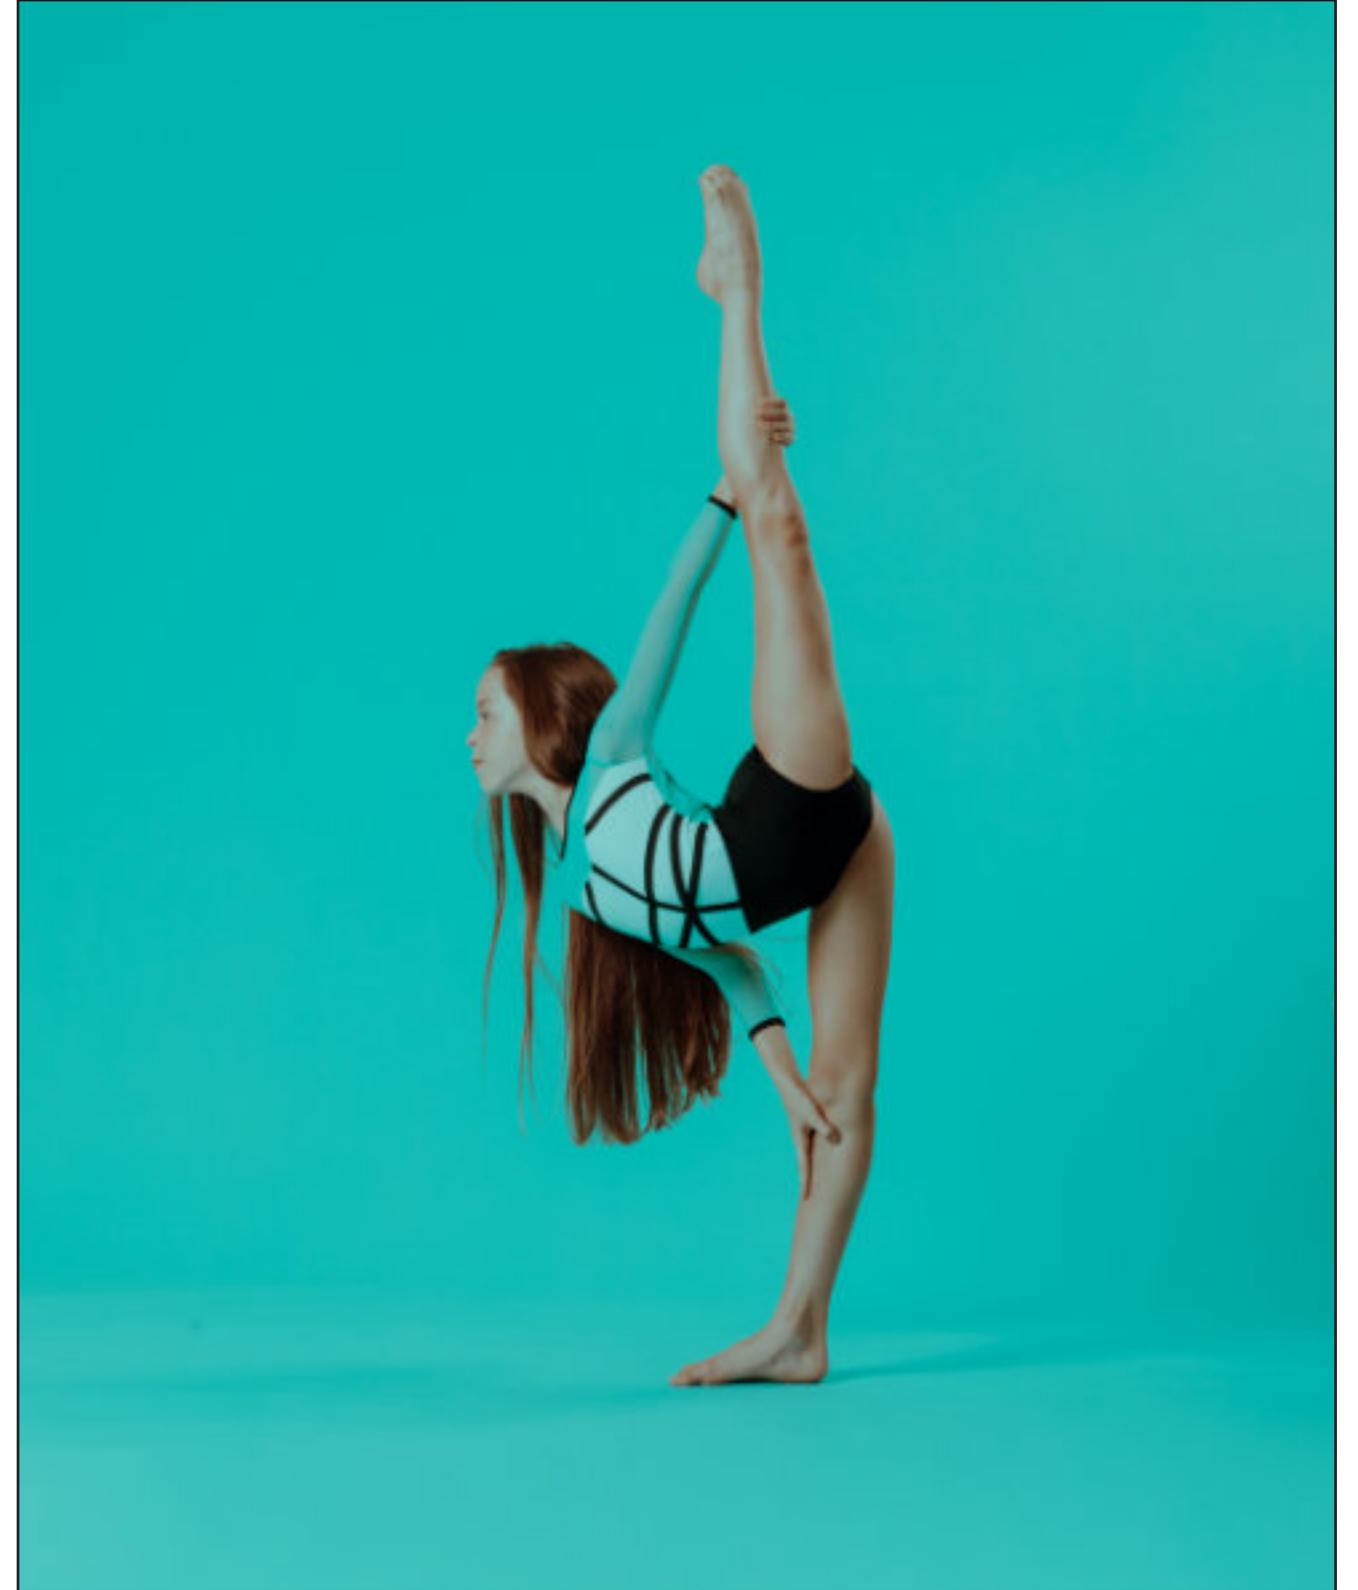

# Shannon

Dance is my life! Dance has taught me to never give up. Some skills come easy others I have had to work and work for but I have always accomplished what I set out to do. I want to be a professional dancer and own a studio. I also

love dance fashion and photography. The absolute best part about dance is my studio, teachers and talented teammates.
